Exam Schedule For Students Using Resource/STARS - Friday, December 20, 2019

Same bell schedule as day 1 with exams in periods 7 & 8

Given that we no longer have built-in review sessions all teachers are expected to be available for students from 12:30 - 1:15. There are to be no practices, meetings, rehearsals, etc. during this time period so that students have no conflicts when trying to attend review sessions or seek help from a teacher.

Students with a study hall, office assistant, math lab or resource will be allowed to not be at school during that time if their parent has communicated this ahead of time to the attendance office and if that period is at the start and/or the end of the day.

For 5th and 6th periods, those students that do not leave early will be directed to a specific location in the school so as not to disrupt exams or study sessions.
